

Q: What is in the packet of supplies for the synchronous model and can we check out classroom puzzles, magnets, etc.?

A: The Synchronous model includes 5-7 prerecorded videos, live small and large group sessions and a monthly activity pack. The materials in the activity pack include art supplies, copies and materials needed for small group sessions. Our staff is happy to “check out” some classroom materials periodically as well as library books. However, a fee will be assessed to materials that are lost or damaged.

The Asynchronous model includes 5-7 prerecorded videos and pdf printables.

Live Music and Chapel class may be added to the Asynchronous model.
